

Pierre Vanherck

Unique & Timeless
Accessories

Our mission is to create unique & timeless accessories

Excellence

We master particular techniques allowing us to combine precious woods metals All our products are designed and manufactured in Belgium There is no quality compromise, this is why all our products are guaranteed for life

Passion

For more than 20 years, Pierre Vanherck designed and manufactured unique timeless accessories

Sustainability

All our products are designed and manufactured in Belgium, our suppliers are selected based on their work excellence All the wood we are using is carefully selected and registered with CITES*

Our History

Self-taught, then perfected by France's finest craftsmen, Pierre Vanherck has devoted himself to the creation of high-end contemporary furniture.

- 2002: His work was recognized by the Walloon Brabant Arts and Craft Agency.
- 2003: Pierre Vanherck created his first jewel by combining precious wood and precious metal.
- 2004: Attracted to the exciting world of canes and their prestigious accessories Pierre Vanherck took up the challenge of creating his very first cane.
- 2009: Pierre Vanherck creates a prestigious cane to be presented to **Pope Benedict XVI** during the Christmas festivities held in Rome.
- 2012: with growing international demand and opportunities to collaborate with other brands, Pierre Vanherck was encouraged to develop his new brand name, Pierre Vanherck®, and proposing ever more exclusive canes.
- 2018: Pierre Vanherck won the *Champagne Award*.
- 2019: Creation of the first connected canes

Canes

The expertise developed by Pierre Vanherck since the early 2000s earned him recognition worldwide and an international reputation

Shaping techniques of noble wood species, crimping precious materials take you beyond the limits of creation Masterpieces is the key word

The excellence of handmade allows him to highlight the uniqueness of the created works Contemporary, rare and distinguished canes give the word ***Elegance*** a new and modern meaning

The cane, a real work of art
